Strelcheck Chiropractic Clinic Celebrates National Chiropractic Month

Crystal Lake, Illinois—American Chiropractic Association member, Strelcheck Chiropractic Clinic, has exciting plans to celebrate National Chiropractic Month from October 1st through October 31st 2009, a nationwide program by the ACA to promote chiropractic health. The clinic stands ready to indulge new and loyal patients with an assortment of healthy surprises including weekly drawings, giveaways and promotions. Area merchants have joined Strelcheck in spirit of promoting wellness by adding an assortment of healthy products and services to the Strelcheck offers during October. In a 2009 proclamation, Illinois Governor Patrick Quinn also claimed October as “Chiropractic Health Care Month” raise awareness about the benefits of chiropractic care in Illinois. “Our goal, to educate the community about spinal health, is further supported by the American Chiropractic Association, which serves as the nationwide advocacy arm for chiropractic physicians and patients by improving the accessibility and scope of chiropractic services for all.” suggested Dr. Peter Norton, senior Strelcheck associate. Strelcheck Chiropractic Clinic is scheduled to take National Chiropractic Month on the road with chiropractic health fairs at area businesses. The health fairs enable the team of Strelcheck doctors, therapists and assistants to give employees spinal health screenings, massage and educational health lectures in an effort to support local employers health and wellness initiatives.

“Prevention through education is the only tried and true way to keep America’s workforce performing at its best and help lower insurance premiums,” commented Dr. Daniel Strelcheck, D.C.

October marks the 51st anniversary of the Strelcheck Chiropractic Clinic whose doors opened in 1958. The doctors, physical therapists and massage therapists of Strelcheck Chiropractic Clinic meet with over 18,000 patient visits annually. Strelcheck Chiropractic Clinic was established to serve the chiropractic care needs in and around McHenry County. For more information call 815 459 3860 or visit www.strelcheckchiro.com
